

A full suite of benefits... all in one place

Benefithub is a customizable web portal for your employees to access every benefit you offer, no matter your size and needs.

- Choose only the benefits you want
- Switch on other benefits anytime
- Add your own benefits, content and discounts
- Customized access for full-time, part-time, alumni, retirees or other groups

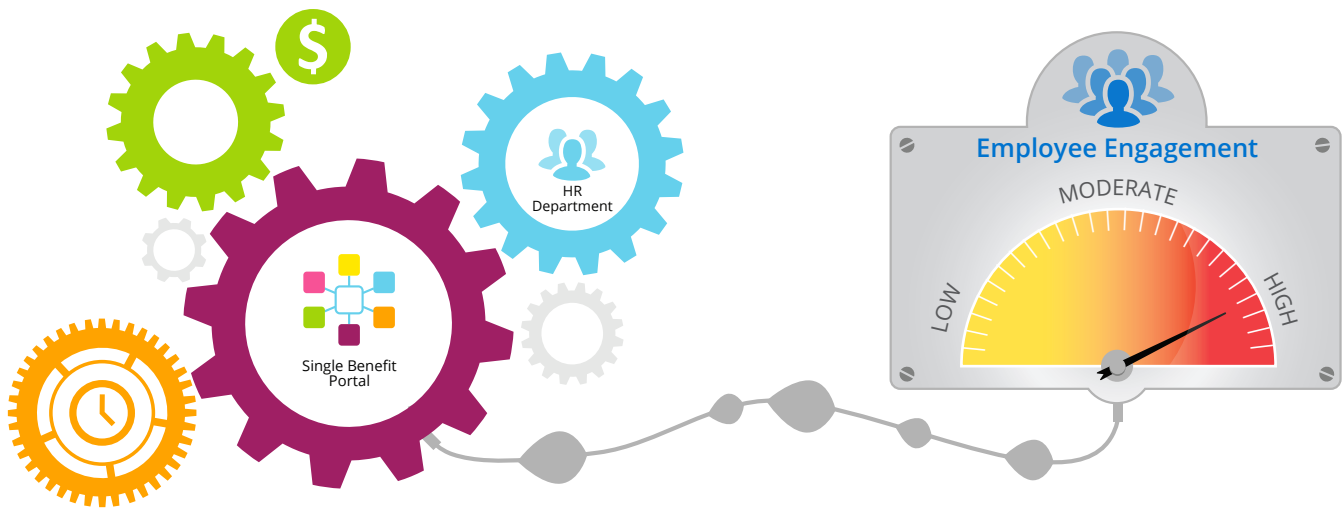

Gain from a world of cutting-edge benefit tools and apps

Your BenefitHub comes with an App Store that features a complete suite of powerful tools and apps including:

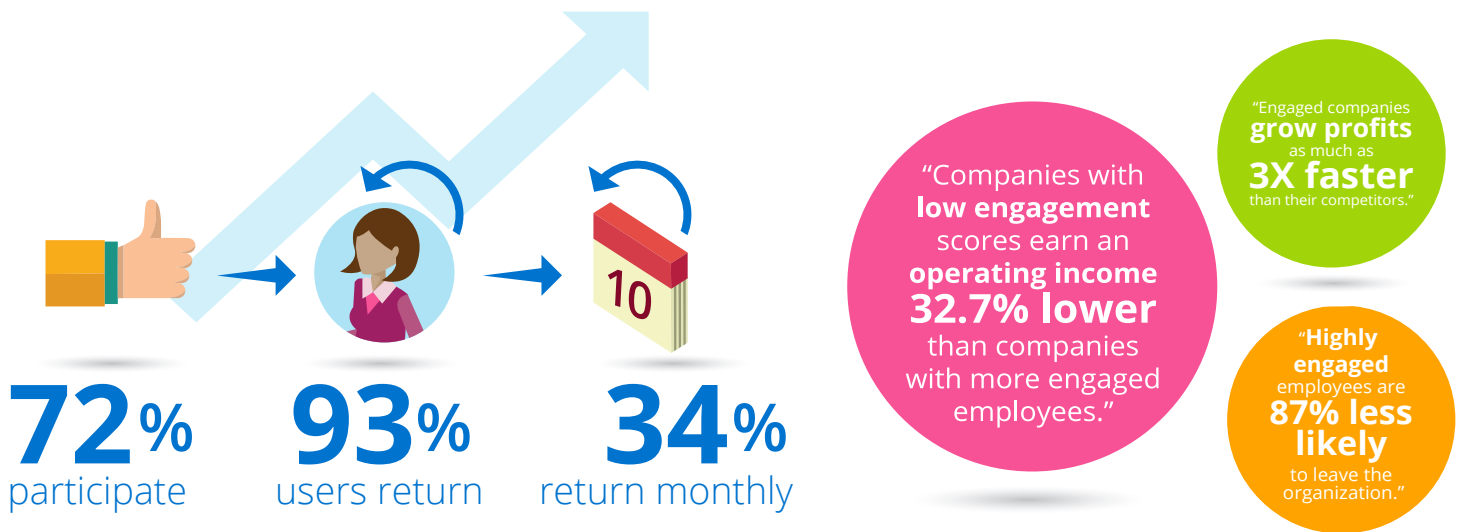

- Benefit Enrollment
- Side-By-Side Quoting Engines
- Census File Management
- Consolidated & Direct Billing Solutions
- Real-time Reporting
- Payroll
- HRIS and much more

Increase engagement with your benefits and decrease the burdern on HR

Your employees and their dependents will have 24/7 access to all the essential information they need without having to contact HR. Give HR the time to focus on offering more and better benefits. Enroll employees easily and at a lower cost per benefit. More benefits and easier enrollment leads to higher engagement, happier employees and a growing, thriving company.

High Utilization = Highly Valued Benefit
